Early Notice

London Churches Group for Social Action in partnership
with PSALM host

**an opportunity to think radically
about age and the future**

Never before in human history have older people
outnumbered youngsters.

What are the good and bad things that follow from this?
What are the implications for democracy? Social care? Family
relationships?

This is a roundtable for Church and other Faith Leaders,
Faith-based organisations, Statutory and Voluntary agencies
to think together about these and other issues prompted by
the changing age profile of our population.

**Led by Ann Morisy from PSALM (Project for Seniors and Lifelong
Ministry)**

Speakers include:

Rt Hon David Willetts MP

Minister for Universities and Science, author of *The Pinch*

Baroness Kathleen Richardson of Calow
